†Covid-19 Protocol Update

We are pleased to announce that attendance at our church services can now be at full building capacity!

What does this mean in light of our journey through Covid 19 restrictions?

1. The church is still listed as non-essential services by the provincial government; therefore, vaccine verification is required unless the program is a designated youth/children's program.
2. We would still kindly request that our congregation pre-register (online or call in) so we can expedite the vaccine verification process upon entry.
 - if you cannot pre-register or forget, **please still come to worship.**
3. We would ask that other regular Covid 19 protocols be practiced.
 - Please note that sanitization, respiratory hygiene, wearing non-medical masks, and other relevant COVID-19 protocols are still required.
 - Physical distancing is not required while seated or standing near your seat, **however, everyone is asked to still practice social distancing in common areas and upon entering and exiting the sanctuary.**

4. Congregational singing is **permitted** contingent upon **wearing a non-medical mask.**
5. Also, please note that our **Tuesday Evening Prayer and Bible Study** registration will be open to **EVERYONE** under option "B" guidelines. (Masks, Social Distancing at all times and No congregational Singing) **until Dec 14th.**

We're glad that you're worshipping with us today. God bless you all!
